impact lives

- More than 92% of all enrolled ICC students who apply for financial aid receive some type of assistance in the form of scholarships, grants, loans or work study
- Itasca awards a higher percentage of gift aid than other Minnesota schools (52% vs. 45% of total award)
- Itasca typically awards over \$200,000 in scholarships each year – all specifically for Itasca students
- Broad range of scholarship awards and amounts exist - available to students of all ages, program interests and abilities

bridge gaps

- There are 277 computers on campus for student use in computer labs and via open access
- Student to open access computer ratio 15.3:1
- 80% of the time on weekdays between 8am and 9pm computer labs are reserved for classes and unavailable to individual students
- A minimum of 50 computers need to be replaced annually due to advances in technology, age of the computer and general wear and tear on equipment

shape futures

More than 100,000 students have attended ICC since the college first opened in 1922. Our students have gone on to become:

- Fulbright Scholars
- NASA Award Winners
- Published Authors
- Doctors
- Accountants
- Wildland Fire Fighters
- Green Energy Technicians
- Teachers
- Business Owners
- Nurses
- Engineers
- Lawyers
